

PRME Chapter UK & Ireland

Working together to transform
business and management education

About PRME

The Principles for Responsible Management Education (PRME) is a UN-supported initiative established in 2007 that aims to raise the profile of ethics, responsibility, and sustainability in business and management education through Seven Principles focused on serving society and safeguarding our planet.

PRME's mission is to transform management education and develop the responsible decision-makers of tomorrow to advance sustainable development.

About the PRME UK & I Chapter

PRME Chapter UK & Ireland (UK & I) is a member-based organisation that serves as a focal point of coordination and communication for the UK and Ireland based signatories of PRME. We work with higher education institutions and related bodies to support the integration of PRME and the advancement of the UN SDGs.

Key Contacts

The role of the elected Chapter Steering Committee is to provide strategic leadership in the interests of all UK & I Chapter Signatories. Key contacts include:

Professor Natascha Radclyffe-Thomas, Chapter Chair

Dr Laura Steele, Vice-Chair

Dr Karen Cripps, Secretary

Nishat Azmat, Treasurer

For any queries, please contact **Jackie Hicken**, the Chapter Administrator, at prme@bcu.ac.uk

Chapter Activities

The UK & Ireland Chapter engages in a wide range of activities and initiatives:

- Three annual competitions:
 - Student Writing & Alternative Media Competition, aimed at engaging students;
 - Research Seed Funding Competition to stimulate collaborative scholarly activity; and
 - Innovative Pedagogy Seed Funding Competition, to integrate the PRME Principles and UN SDGs into the curriculum.
- Regular seminars, workshops, and training events, including Onboarding Sessions for new PRME Leads and support with PRME SIP reporting.
- An annual conference, next taking place at [Queen's Business School](#), Belfast, from 17-19 June 2025.

PRME UK & I Local Networks

In 2018, the UK & Ireland Chapter established seven Local Networks to enable Signatories to collaborate, share best practice, and engage with the Principles of PRME and UN SDGs at a more localised level. The Local Networks offer a forum to promote PRME, as well as organise and participate in events, themed conferences, and other activities. More information in relation to the Local Networks is available overleaf.

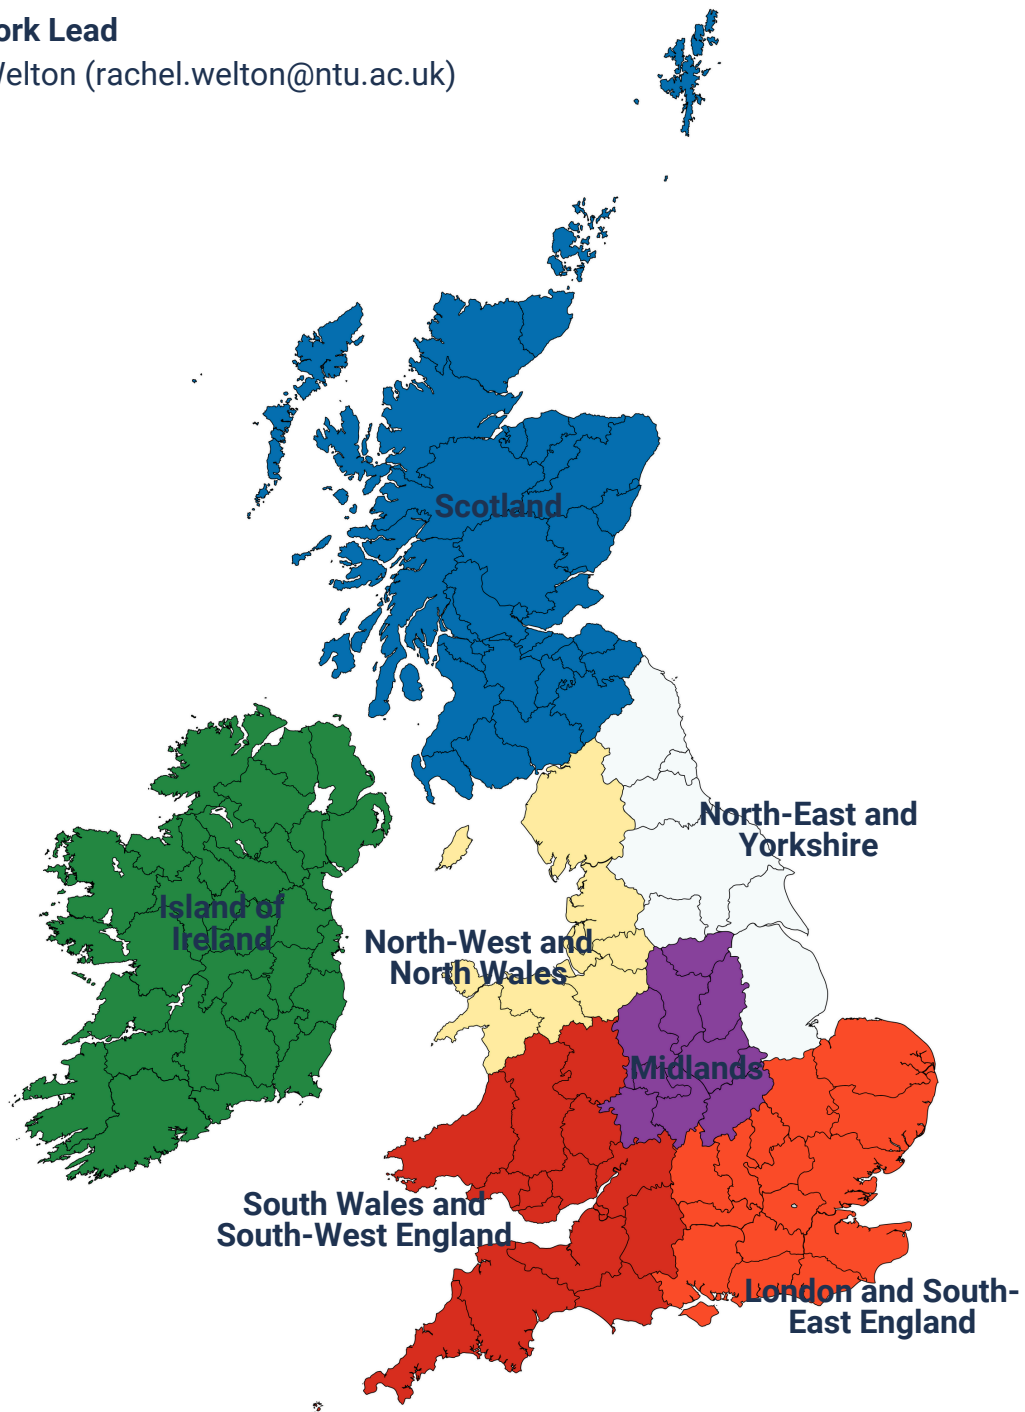

In 2023, PRME Chapter UK & Ireland celebrated its 10th anniversary. Discover a decade of action to advance responsible management education in our special report, available via the Chapter website.
